AMOUNT PAID \$ \_\_\_\_\_

I have read, understood and agreed to all terms and conditions on the reverse side of this form, including the WARNING, LIABILITY RELEASE, INDEMNITY AGREEMENT AND ASSUMPTION OF RISK AGREEMENT. I accept full financial responsibility for the equipment listed on this form and promise to return it clean and undamaged by the agreed time and date. If I fail to do so, I agree to pay for its repair, cleaning or replacement at the full rental rate, as determined by the shop, as well as for the rental value of any additional days. (For release bindings only: I have confirmed that the binding release/retention settings numbers on the binding correspond to the "Final Indicator Setting" stated on this form. I understand that correct weight, height, age and skier type are essential to proper adjustment of the release/retention settings, and I certify that all user information on this form is correct.)

**WARNING, LIABILITY RELEASE, INDEMNITY AGREEMENT  
AND ASSUMPTION OF RISK AGREEMENT**

**PLEASE READ CAREFULLY**

**ASSUMPTION OF RISKS**

I understand how this equipment works and have received proper instruction and satisfactory answers to my questions. If at any time this equipment does not seem to be working properly, I will stop using it immediately and return it for inspection and possible repair or adjustment. I understand and agree that skiing, snowboarding, skiboard-ing, and related activities are **HAZARDOUS** and that injuries are common and ordinary occurrences during these activities. **I AGREE TO ASSUME ALL RISKS OF INJURY OR DEATH** which may result from these activities.

(Please Initial \_\_\_\_\_)

If Alpine ski equipment or skiboards are being furnished, I understand that the ski-boot-binding system will release the boot from the ski when certain forces on the system reach preset values, but that it will **NOT RELEASE OR RETAIN** at all times where release or retention may prevent injury, and that it **CANNOT** prevent all injuries or guarantee the user's safety. I understand and agree that unwanted release or retention of bindings is an inherent risk of using any ski-boot-binding system. I further agree and understand that any ski-boot-binding system does **NOT ELIMINATE THE RISK** of injuries to the user's knees or to any other of this user's body.

If touring (AT) bindings and/or boots are being furnished, I understand and agree that this equipment provides functionalities that I want, but it might NOT provide the same degree of release and retention protection as regular Alpine boots and bindings, and that injuries resulting from unwanted release or retention of this or any other ski-boot-binding system are inherent risks of skiing.

If Nordic or Snowboard equipment is being furnished, I understand that these systems normally will **NOT RELEASE** in falls and accidents and that they do **NOT PROTECT** against any type of injury.

If a **HELMET** is being furnished, I understand that no headgear can protect against all foreseeable impacts, that skiing and snowboarding can expose the user to forces which exceed the limits of protection offered by this helmet, that helmets do not guard against injury to the neck, spine, face or any other part of the body, and that these features are inherent risks of using this equipment. Helmets must be properly fitted to each user, and I agree that this helmet has been properly fitted by the provider. I warrant that the helmet is comfortably snug and that when I fasten the chin strap and shake my head there is no significant movement of the helmet. I agree if the helmet is damaged or involved in any kind of accident, I will stop using it immediately, return it to the shop and report the accident or damage.

To the fullest extent allowed by law, I hereby **RELEASE** this ski shop and all other persons and companies who provide any equipment to me or have any involvement in manufacturing, distributing, selling, renting, mounting, adjusting, servicing, maintaining, testing or inspecting any equipment I use, and all of their agents, employees, officers, directors, owners and affiliated companies ("Released Parties"), from **ANY AND ALL RESPONSIBILITY OR LEGAL LIABILITY** for any and all claims asserted by anyone arising out of any injuries, damages or death I may suffer, whether caused by **NEGLIGENCE** or any other cause. I further agree that neither I nor my estate, heirs or assigns **WILL EVER SUE** the Released Parties, and that **WE WILL DEFEND AND INDEMNIFY** the Released Parties if any claim or action is pursued by anyone arising out of any injuries, damages or death to me that has any connection whatsoever to skiing, snowboarding or any activities involving the use of this equipment.

(Please Initial \_\_\_\_\_)

I accept this equipment. **"AS IS"** and with **NO WARRANTIES**, express or implied, beyond those stated herein and in the manufacturer's written limited warranty.

This document constitutes the **FINAL AND ENTIRE AGREEMENT** regarding this transaction and this equipment, and its supersedes any and all other documents or oral statements. If any part is found to be invalid or unenforceable, the remainder shall be given full force and effect.

**THIS IS A CONTRACT** which provides a **COMPREHENSIVE RELEASE OF LIABILITY**, but it is not intended to assert any claims or defenses that are prohibited by law. The specific legal rights of the parties may vary in different states and provinces.

If this equipment is to be used by someone other than me, I certify that I am acting for the ultimate user and that I will provide this form and all other warnings and information to the ultimate user.

# Choose Your Skier Type

## Selecting Your Skier Type is Your Responsibility!

Your skier type, height, weight, age and ski boot sole length are used by the shop technician to determine the release/retention settings of your ski bindings. It is important to provide accurate information. Inaccurate information may increase your risk of injury.

Consult the following descriptions to select your Skier Type.

### Type I Ski Cautiously

- Prefer slower speeds.
- Prefer cautious skiing on smooth slopes of gentle to moderate pitch.
- Prefer lower than average release/retention settings.
- Prefer an increased risk of inadvertent binding release in order to gain increased releasability in a fall.
- Entry-level skiers uncertain of their classification.

### Type II Ski Moderately

- Prefer a variety of speeds.
- Prefer to ski on varied terrain.
- Skiers not classified as either Type I or Type III.
- Prefer average release/retention settings appropriate for most recreational skiing.

### Type III Ski Aggressively

- Prefer faster speeds.
- Prefer fast and aggressive skiing on slopes of moderate to steep pitch.
- Prefer higher than average release/retention settings.
- Prefer decreased releasability in a fall in order to gain decreased risk of inadvertent binding release.

Although the "green-blue-black" scheme is used to classify skiers, this is not the same as one's Skier Type, which is used to determine the release settings for bindings.

For Type I or "cautious" skiers, bindings will release easily, which is a good thing since falls are to be expected. The settings are higher for Type II, and higher still for Type III, to decrease the chance of an inadvertent release of the bindings. But that also comes along with a greater risk that the bindings won't release in a fall.

There is not a one-to-one correspondence between a skier's "color" and their binding settings. There are plenty of black and double black skiers who don't use Type III settings for their bindings because they don't want to risk decreased releasability. Feel free to discuss with the ski shop staff what Skier Type best suits your needs for the type of skiing you are going to be doing.
